

Continuation of Substance of Interview including description of the general nature of what was discussed: Discussed amendment to method claim 57 because the condition or disorder of claim 57 is very broad. Suggested limiting claim 57 to the specific methods of claims 58-61 and cancellation of claims 58-61. Discussed the support for the disintegration rates of claims 74-78, clarify that the particle size in claim 1 is 25 microns and to delete the limitation "substantially" in claims 73-78. Attorney authorized the examiner to make the changes discussed above by Examiner's amendment.
